

Abstract submission guidelines

- Abstracts should be submitted by the abstract submission deadline date if specified (before 5pm).
- Authors must specify whether they are submitting an abstract for an oral presentation or e-poster presentation.
- The accuracy of the submitted abstract is the responsibility of the authors, so authors should prepare and proofread their abstracts carefully before submitting to ensure it is the final version.
- All abstract submissions that are accepted for oral or poster presentation will be published in the BNPA event programme. Every effort will be made to publish the abstract exactly as submitted. Errors made on the submitted abstract are likely to appear in print.
- All correspondence relating to abstracts will be undertaken by email with the first named author/registered presenter, it is their responsibility to communicate any relevant information regarding the submitted abstract and the conference to the other authors.
- By submitting an abstract, the first named author confirms on behalf of the co-authors that the abstract is their own original work, is not defamatory or unlawful, does not infringe anyone else's rights and that they have obtained any necessary permissions relating to images and data submitted. In addition the first named author must ensure that they have the approval and copyright assignment from any co-authors and contributors involved in the work.
